Three Lakes Area Brush Pile

Located about a quarter mile north of the Rose Lake Road on the South Strand Lake Road is our Three Lakes area community brush pile. Our lake association has an agreement with the landowner (St. Louis County Land Department) for disposing of brush, yard waste, leaves, etc., and to burn this pile once a year in the winter. Area residents and landowners can feel free to use this area to dispose of allowable materials during your summer of project work around your homes and cottages. Restrictions apply, signs are in place, follow instructions please.

Consider joining us for the annual blaze, held every year on the Friday after the Thanksgiving holiday. Next scheduled blaze is Friday November 27th, 2020, early morning start. Thanks to all in the area who have helped with this task in recent years.

PLEASE
STACK BRUSH
ON PILE
